NEW ADVERTISEMENTS.
COMPARISONS.
ARE said to be odious, but if that be a rule there are exceptions, and we have comparison between our AERATED WATERS and those of any other maker, for or near, either by experts or by general public.
The most excellent is judged by an expert to be:
PURITY OF MATERIAL, i.e., Chemical Purification.
AERATION, that is, plenty of gas without atmospheric Air, which is indicated by a good pop and continued effervescence, but the water should not fly out of the bottle; if it does there is air there instead of the proper gas.
FLAVOUR.—The amount of sugar in the Syruped Waters is a matter of individual taste, but the distinctive flavour should be clear without being aggressive or cloying.
We are experts in this business and therefore know what we are doing when we invite comparison.
